

President's Trophy Top Advanced/Level One Photographer

In the 1969-70 season, the President's Trophy was donated by President, Ovais Quraishi, for the top scoring Advanced Division Photographer of the Year.

This award is in two parts, the plaque above replaces the original shield plaque which was full, all past names appear down the centre, with new names added each side.

Our member, Carolyn Francis-Scobie made an in-depth investigation on the beautiful metal bowl part of the award, which was created by a well-known artist, the document is on our website.
